"Exeter is my home - I'm determined to get our city the fair deal we deserve."

Now more than ever, people deserve a fair deal.

Every vote for Will Aczel and the Lib Dems is a vote to elect a strong local champion with fresh energy, perspectives and ideas who puts Exeter's people and our environment before private profits and dogmatic party politics.

Will was brought up, lives, and works right here in Exeter. He deeply cares about the issues we face. This is borne out by his tireless campaigning and hundreds of doorstep conversations.

Whether it's his daily litter-picking, fundraising for local homelessness charities, work in Exeter's independent food sector, or speaking up for his community, Will is passionate about making Exeter a place where we can all thrive.

If, like Will, you care deeply about a fair deal for our NHS; ending the sewage scandal; rapidly shifting investment from fossil fuels to renewables and insulation; standing up for international justice; and, electoral reform to transform our politics for good: vote for real change. Vote Will Aczel for Exeter.

Will running the Great West Run in May 2024. Exeter needs an MP who will do things for the city.

THE CHOICE IS CLEAR HERE:

The Conservative Government has ignored Exeter for years.

They have broken our NHS, caused a cost of living crisis and failed to tackle rampant sewage dumping. With only two councillors in the whole constituency and falling far short last time, the Conservatives cannot win in Exeter.

Labour have taken Exeter for granted for years.

They continue to waste taxpayers' money at the City Council, refuse to listen to different views, and need to be pressured to do the right thing.

Local Lib Dem Will Aczel is determined to get a fair deal for our area.

Will is campaigning to save our NHS, end sewage dumping, tackle the climate emergency, make taxes fairer, reform the broken voting system, and much more. Will listens and fights for change.

FROM EXETER, FIGHTING FOR EXETER

A FAIR DEAL FOR OUR NHS

END THE SEWAGE SCANDAL

" I'm thrilled to support Will. He's not only hard-working, kind and caring, he's also passionate about our environment and ensuring we have a proper democracy, where people's views properly inform decision-making. "
-Cllr Adrian Fullam, St Thomas

" I used to vote Labour but grew to dislike their inconsistency on fair wages for the NHS, stance on Palestine/Israel and people who are LGBTQ+. I want to vote for a party with consistent policies on issues I care about so joined the Lib Dems. "
- Siobhan, Exwick

The Liberal Democrat vision for A Fair Deal

- 1 A fair, prosperous and innovative economy that promotes opportunity and wellbeing.
- 2 Fair access to good public services and a strong social safety net.
- 3 A flourishing environment, with fair access to nature for all.
- 4 A strong United Kingdom and a fair international order.
- 5 A truly fair democracy, where everyone's rights are respected and individuals and communities are empowered.

Our political system is broken. We have seen in the last few years that unless we transform it, we won't get the changes to our health services, economy, and environment we need.

Liberal Democrats want to empower communities to drive decision-making and to hold those with power to account.

Electoral reform will make Parliament and councils more representative and accountable.

We also want everyone to thrive, through a strong social safety net:

- free adult social care
- free primary school lunches
- removing the two child benefit cap
- building 150,000 social homes a year
- making big companies pay their fair share.

Well-insulated homes, clean waterways and air should be basic in the 21st Century. Lib Dems provide hope for a brighter future.

A strong local voice for Exeter

✔ From Exeter and fights for Exeter

We need Exeter's voice in London, not London's voice in Exeter. Local champion Will Aczel will be a hard-working constituency MP who fights for our fair funding. Schools in Exeter receive £460 less per pupil than the national average! Whilst other regions get electric buses and trains, Devon is stalling. Electrification reduces running costs and air pollution.

✔ A fair deal for our NHS

9.7 million people are waiting for treatment, an appointment or test. Will will work hard to put the right incentives in place to make the NHS as cost-effective as possible. This includes emergency funding to tackle poor ambulance response times, reforming the broken dental contract, and training and hiring more permanent staff.

✔ Action plan to end the sewage scandal

The Lib Dems are the ones with the action plan needed to clean up our waterways. We will ban water company bonuses, give the regulator real teeth, and make water firms public benefit companies - forced by law to put environmental principles before profit.
